SEMESTR

27. 5. - 30. 6. 2019

Department of Art Education

Galerie Koridor

Exhibition of students interested in graphics, visual communication and animation (teachers: MgA. Pavla Gajdošíková a doc. PhDr. Martin Raudenský, Ph.D.)

The presented artworks consist of school magazines, which can become a space for play and communication. Another part of the exhibition is devoted to film animation. Their theme is „dream“, a place where everything is improbable and out of control.
